We design environments for the people who inhabit them.

HOME

Hero

We design environments for the people who inhabit them.

Interior Architecture & Design

Every environment tells a different story.

A family's routines.

A founder's ambition.

A team's culture.

A guest's first impression.

A business finding its identity.

Our work begins by understanding the people who will inhabit it.

Thoughtful design from concept to completion.

Whether you're building a new home, renovating an existing one, or creating an environment for your business, we guide every stage of the journey with care, clarity and attention to detail.

From the first conversation to the final handover, our role is to help people make thoughtful decisions—creating environments that feel deeply personal.

Where We Can Help

The people change.

The philosophy does not.

Residential

Homes, Apartments, Villas & Renovations

Workplace

Offices, Studios & Corporate Environments

Hospitality

Restaurants, Cafés & Hotels

Commercial

Retail, Wellness & Experience Spaces

Our Approach

Understanding

We learn the people, not just the brief.

Judgement

Every decision has a reason beyond aesthetics.

Craft

Ideas become reality through care, precision and collaboration.

Belonging

The moment someone quietly says,

“This feels like us.”

Selected Work

Every project deserves a different answer.

STUDIO

It begins with people.

Baeroh was created from a simple belief: every meaningful environment begins with understanding people.

We believe the environments we inhabit quietly shape the way we live, work, gather and grow. Our role is to understand the people behind them, then thoughtfully translate their stories into environments where they quietly say,

“This feels like us.”

Our Philosophy

Baeroh is a lifelong study of how people live, and how thoughtful design can quietly make life better.

What We Believe

Every meaningful environment begins with understanding people.

Our signature is not a style. Our signature is our process.

Trust is our only non-negotiable.

Design, for me, is love.

A beautiful relationship you build with your surroundings.

Why Baeroh?

Baeroh means “to know.”

To know people before plans.

To know what truly matters before making decisions.

To know that every environment is shaped as much by the lives within it as the walls around it.

Our Practice

Every project begins with a conversation.

We listen before we draw.

We question before we decide.

We guide before we recommend.

Whether we're designing a new home, transforming an existing one, planning a workplace or delivering a complete turnkey project, our role remains the same—

To help people make thoughtful decisions about the environments they inhabit.

Because at the end of the day, we simply wanted to build—

A brand that really cared.

WORK

Every project begins with different people.

Every project deserves a different answer.

No two projects look alike. Nor should they.

Every environment is shaped by different people, different stories and different ways of living.

Our consistency lies not in a visual style, but in the way we think.

SERVICES

How We Can Help

Whether you're starting from the ground up or transforming an existing environment, we offer thoughtful support through every stage of the journey.

Building Something New

Complete interior architecture and design for residential, workplace, hospitality and commercial environments.

Renovating an Existing Space

Reimagining environments to better reflect the people who inhabit them today.

Space Planning

Creating layouts that improve the way people live, work and move.

Interior Styling & Material Curation

Selecting furniture, lighting, finishes and materials with purpose.

Turnkey Execution

Coordinating consultants, contractors and execution from concept to completion.

Design Consultation

Helping clients make informed decisions before they begin.

From Concept to Completion

Design is only one part of a successful project. Clear communication, thoughtful planning and careful execution are equally important. From the earliest conversations to the final walkthrough, we remain closely involved—helping our clients make informed decisions with clarity and confidence.

BEGIN

Every meaningful project begins with a conversation.

We'll begin by understanding your project, your aspirations and what matters most to you.

If we're the right fit, we'll guide you through every step with clarity, collaboration and

care.

The Journey Ahead

01 — A Conversation

Understanding your project, aspirations and goals.

02 — A Proposal

Defining the scope, process and next steps.

03 — The Journey

Designing together with clarity, collaboration and care.
